FOR ELECTRICIANS, FIRE & SOLAR INSTALLERS · 1–5 PEOPLE

Stop doing paperwork at 9pm.

Opscel turns a finished job into a compliant certificate, an invoice and your next follow-on job. The same day, typed once.

30-day free trial **50% off first 3 months**

opscel

SOUND FAMILIAR?

You're great at the job. The admin is eating your evenings.

1

Quotes take all evening

Rebuilding the same Word quote, again, after a full day on site.

2

Certificates typed twice

Test results on paper, then re-typed into a certificate at the kitchen table.

3

Invoices go out late

Paid late because the invoice waited for a spare hour.

4

Follow-on work forgotten

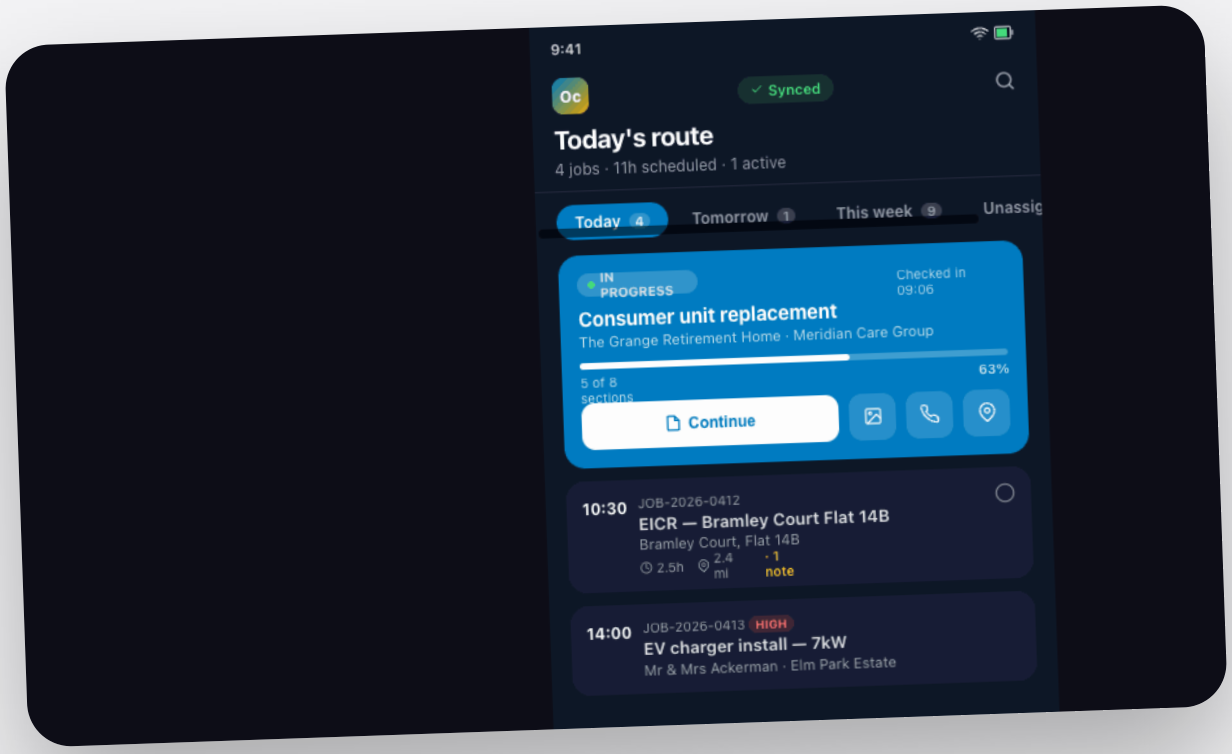

Remedials, annual visits and renewals live in your head.

ONE FLOW

Type it once. It carries through.

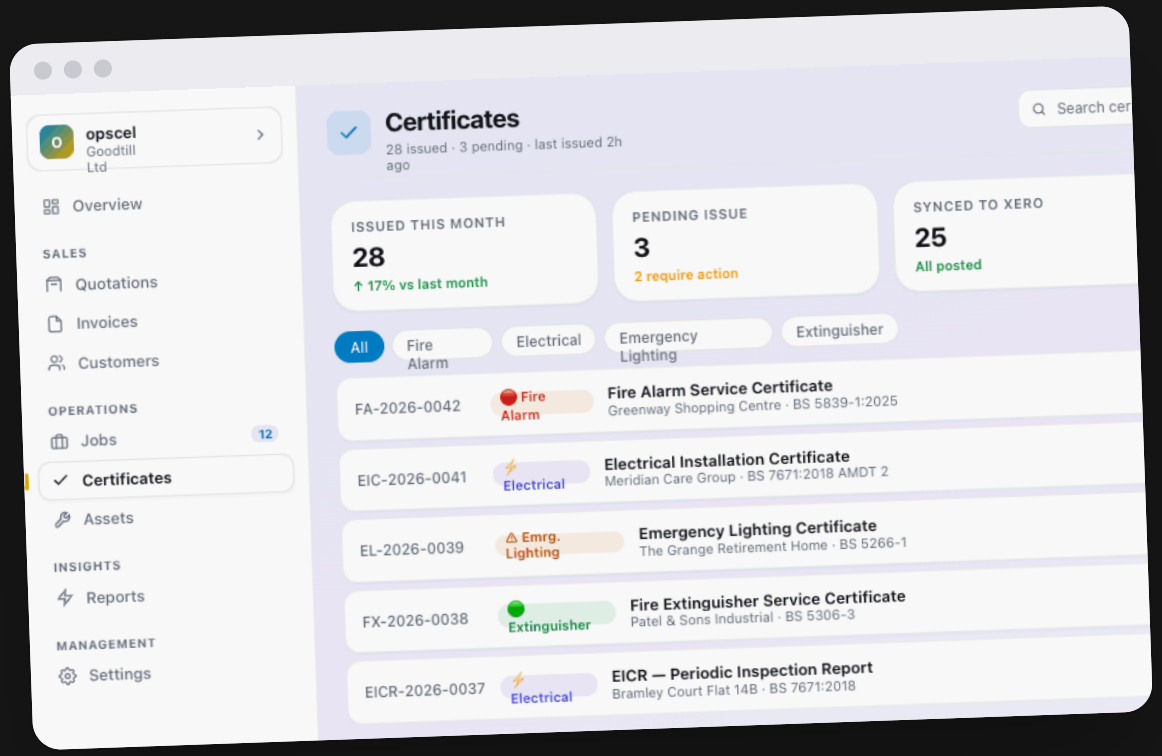

No re-keying customer details. No lost paperwork. One record per job from first quote to final payment.

THE FIELD APP

Your office, in your pocket.

- **Today's route** on one screen: every job, address and status
- **Works offline.** No signal in the plant room? Keep going and it syncs later
- **Certificates on site** with photos and customer signature
- **Spot a defect?** Turn it into a quote in a few taps

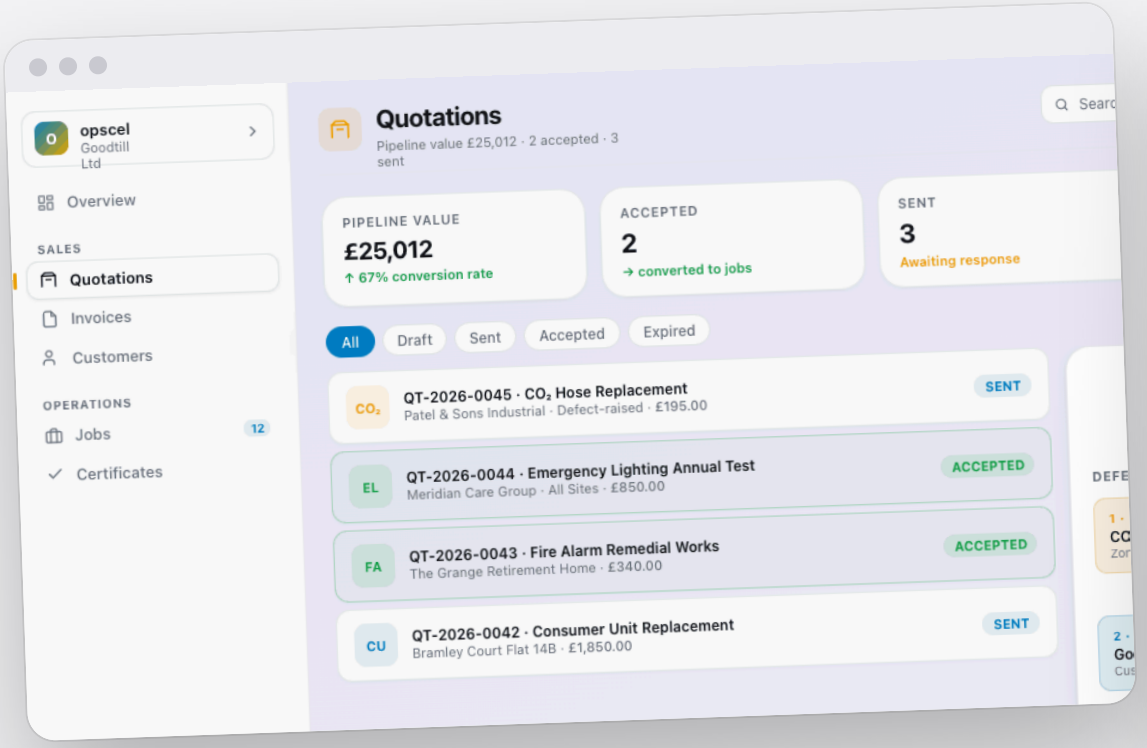

COMPLIANCE BUILT IN

All 18 certificate types. Your branding.

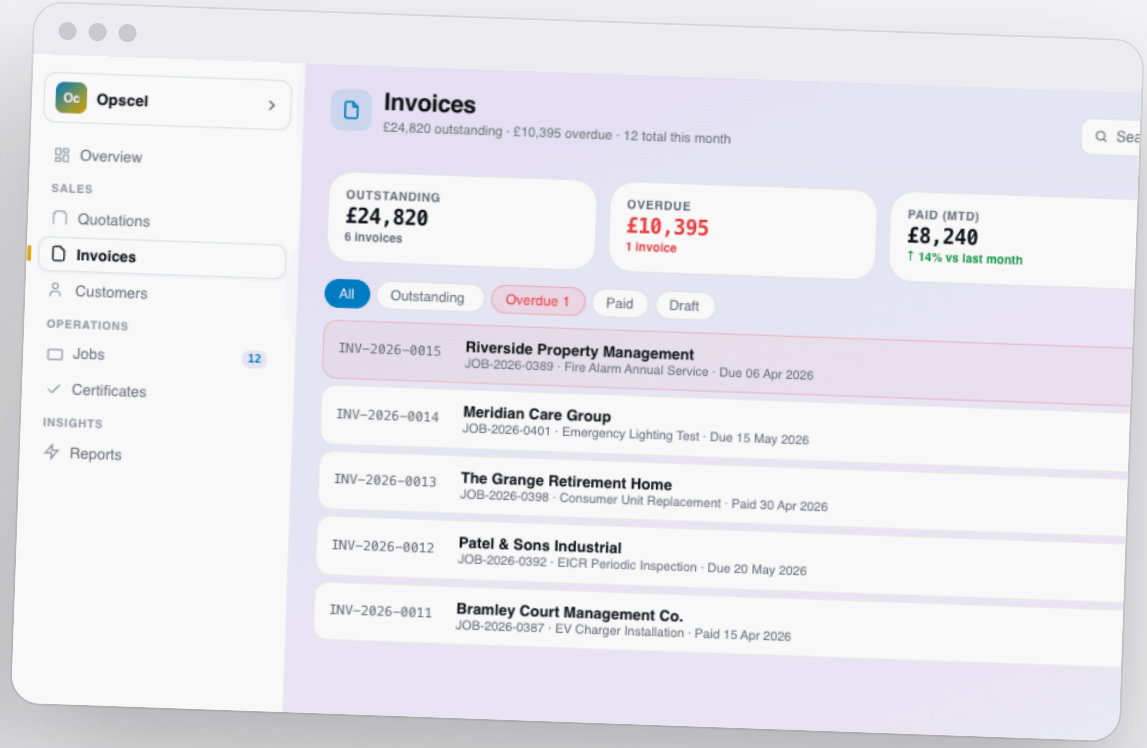

- **Electrical:** BS 7671 EIC, EICR, Minor Works, PAT
- **Fire & emergency:** BS 5839 alarms, BS 5266 lighting, BS 5306 extinguishers
- **Solar:** EN 62446-1 PV commissioning
- On **every plan**, from day one

GET PAID FASTER

From accepted quote to money in the bank.

Quotes customers approve, and pay deposits on, from their email

Invoices built from the completed job, with UK VAT handled

SIMPLE PRICING

Priced for a small team. No setup fees.
